

Biography

David

Woolf

4th Grade

Hello, my name is David Woolf. My family and I just moved to Tooele from Southern Utah in June of 2017. My wife and I have four children. Three of our children will be attending Scholar Academy and my oldest will be attending Stansbury High school this fall. In our free time, my family and I love to work with our church, go swimming, and watch movies.

I have been working with students for the last 6 years. This will be my 4th year working with fourth graders. Some of my favorite things to do at school include: using computers to create projects that show student learning, creating engaging lessons, and challenging students to grow. I am very excited to be working with you and your parents.
