5th Grade

Hello! My name is Karli Fait. I am teaching 5th Grade at Scholar Academy. I LOVE 5th Grade! We have such a fun year ahead of us! Get ready to learn about magnets, electricity, landforms, animals, physical changes and chemical reactions.

A little about me: I grew up in Taylorsville, Utah. I attended Taylorsville High School. Go Warriors! After high school, I went to Snow College in Ephraim, Utah. I graduated with my Associate of Arts from Snow in 2007. After Snow, I married my husband, Joe. We moved to Cedar City, Utah and in 2010, I graduated from SUU with a Bachelor of Science in Elementary Education with an Endorsement in Reading.

In 2010, my husband, daughter, and I moved to Tooele and we have lived here ever since. We have three awesome kids. We love to be outside on the tramp, at the park or just playing around. I love to play softball and craft. We love to spend time with all our extended family in Salt Lake.

I am looking forward to a great year!!!
